McGraw-Hill Education - Europe. Hardback. Book Condition: new. BRAND NEW, Benjamin Graham and the Power of Growth Stocks: Lost Growth Stock Strategies from the Father of Value Investing, Frederick K. Martin, Nick Hansen, Scott Link, Rob Nicoski, Use a master's lost secret to pick growth companies bound for success In 1948, legendary Columbia University professor Benjamin Graham bought a major stake in the Government Employees Insurance Corporation. In a time when no one trusted the stock market, he championed value investing and helped introduce the world to intrinsic value. He had a powerful valuation formula. Now, in this groundbreaking book, long-term investing expert Fred Martin shows you how to use value-investing principles to analyze and pick winning growth-stock companies--just like Graham did when he acquired GEICO. Benjamin Graham and the Power of Growth Stocks is an advanced, hands-on guide for investors and executives who want to find the best growth stocks, develop a solid portfolio strategy, and execute trades for maximum profitability and limited risk. Through conversational explanations, real-world case studies, and pragmatic formulas, it shows you step-by-step how this enlightened trading philosophy is successful. The secret lies in Graham's valuation formula, which has been out of print since 1962--until...
