## SUCCESS: MYSTERY TO MATH FORMULA: SIMPLE EQUATIONS TO BUILD YOUR BUSINESS

Kcommons Publishing, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.This is it! It's the black book for your small business, and it's set up for what's important to you; the what works approach. It's formulas that all small business success stories must use. The first four chapters are the formulas for the business owner specifically. Chapters five through ten are the equations to build business success. These are the fundamentals that will support a strong base for a successful business. It's simple to read, understand, and apply. Formulas are everywhere. Some are equations like two plus two equals four, a seating grid for a stadium, or counting 20 dollar bills. Other formulas seem to hide in the corner like asking a girl out, plus her acceptance, equals a possible future. A more complex one could be multiple conversations across several networking meetings may lead to a sponsorship for a conference. Even more remote formulas can be found in something like, wanting to help someone, then adding and subtracting many ideas, multiplied by several attempts, results in someone creating a product like a wireless mouse. Building a successful business is more than writing the best code, talking with enough people, or pricing your product, it's all of them. Success does not have a single equation, but it's every equation, the visible and invisible, the obvious and not so obvious. Starting a business is basic math. Fill out a business license, pay a fee, open a checking account, and you're open for business. Growing a business are formulas compiled in different ways. Achievement in business is pushing and pulling equations from a remote place. The reason it has been hard...
