GRIN Verlag GmbH Dez 2014, 2014. Taschenbuch. Book Condition: Neu. 210x148x2 mm. This item is printed on demand - Print on Demand Neuware - Scientific Essay from the year 2012 in the subject American Studies - Culture and Applied Geography, grade: 7, , course: United States Studies Program, language: English, abstract: After the end of the Second World War, the United States took a giant step towards social and economic upliftment of all its citizens with special emphasis given on social welfare programs especially for minorities. The victory in the great war motivated the US to amend historical wrongdoings against particular sections of its own citizens, who were deprived of their legitimate rights and privileges based on their skin color and ethnicity, through effective policy interventions. There came many path-breaking legal Acts such as Civil Rights Act, Housing Act, G.I. Bill, etc. which were intended to put every citizen of the country on equal footing, thereby strengthening the American Creed. These initiatives coincided with the period of baby-boom and mass urbanisation in many parts of the US. The period also saw America becoming wealthier and more powerful than before. However, racism against the African-Americans and other minorities and the resultant...
