Joining Together '02

By U Dilthey

Shaker Verlag Jan 2002, 2002. Taschenbuch. Book Condition: Neu. 210x149x17 mm. Neuware - As Marco Polo did 800 years ago the ISF Welding Institute has set out to visit China during a phase of new challenges. With the first International Aachen/Beijing Welding Conference the long-standing contacts between Chinese scientists and the ISF will reach a new culmination. For many years now Chinese students, doctoral candidates and scientists have been an important part of the Institute's life. Those young ambassadors of the new China not only promoted the scientific exchange between our two nations - the insight into their culture is a great gain for every individual ISF member. The long-standing and intensive cooperation between the Tsinghua University and the RWTH Aachen University is, at present, reflected in the common master study courses 'Production Engineering' and 'Automotive Systems Engineering'. Within the scope of these study courses Chinese students have, in the past winter term, started their first-year studies in Aachen - next autumn a group of German students will take up their studies in Beijing. This student exchange may perhaps lead to the development of a new Silk Road of Science between Aachen and Beijing, where the treasures of the 21st...
