

Develop an Android App in Less Than a Day with No Programming Skills Required: Android Development So Easy a Complete Novice Can Figure It

By Justin Ascott

Createspace, United States, 2011. Paperback. Book Condition: New. 252 x 200 mm. Language: English . Brand New Book ***** Print on Demand *****. The Android phone continues to eat up the mobile phone market, and there's no sign that it will be stopping anytime soon. Frankly speaking, there couldn't be a better time to build an Android app for your business. And now it's easier than ever. You can spend days learning the C programming language, but even if you did have the time commitment to spend learning code, you still might be in the same place as before: clueless! This book will help you learn how to develop Android Apps using the skills you already have: HTML, CSS, and Javascript. In just a few short hours, you will have the knowledge needed to create a powerful app. If you aren't quite ready for an Android App, this book will also teach you how to make a mobile application for your website.
