Grub Street. Paperback. Book Condition: new. BRAND NEW, The Big Wheatfree Gluten Free Cookbook, Jody Vassallo, Dianne Boyle, Around one in 100 people in the UK are estimated to have coeliac disease, a medically diagnosed, life-long condition that results in a permanent intolerance to gluten. However, those with the skin condition known as dermatitis herpetiformis also need to eat gluten-free foods, as do those people who have an allergic reaction to wheat, though wheat intolerance is quite rare, typically only occurring in children, and may just be a temporary problem. Associated symptoms of wheat intolerance may include eczema and other skin irritations. Jody has spent her career creating and styling recipes with some of the most successful cookery writers today, such as Bill Granger and Donna Hay, so you can be sure that her own recipes will be just as modern and tempting. She has developed great-tasting gluten-free recipes not only for everyday staples such as bread and pastry but for Christmas celebrations and parties too. So going on...
