Oxford University Press,, Toronto, ON., 1976. Soft Cover/Good/Card. Book Condition: Very Good/No Marks. 1st Edition. This is a very good copy--aside from a former owner's signature, a very small turn at the top cover corner and some type of small stain (glue?) on the front cover, the interiors including the fold-out map of the Arctic and the group photo Captain Bernier claiming all the Arctic Islands for Canada, are all in great condition. A series of 10 essays but such notables as: John W. Langford, F. Griffiths, P. C. Dobell, John Gellner, Thomas A. Hockin. R. B. Byers and others. A fine collection of essays on the politics and the resources of Canada's Arctic.
