Certain life-changing occurrences can provoke unexpected behaviors in some, and death is one of them. People whom you ve had close relationships with suddenly become strangers. When my husband s battle with AML leukemia ended, the relationships I thought I had with certain others were nothing more than a masquerade. There are many methods people have in dealing with death, and some of these methods can be destructive for the one who is grieving. Losing my husband was tormenting enough. Dealing with the ineptness, selfishness, and greed of others made my pain unbearable. As Mike s wife, it was my duty to carry out my husband s last wishes he had meticulously planned. I was so hoping to share in that reflection, paying him the respect, and memorializing him in a way that he so deserved. When others chose to make it about themselves, I watched the world that had surrounded us for fifteen years disintegrate right before my eyes.
